DEMCO NO. 30-298
To Members of the Bar and other Employers of Law Graduates:

The Law School of the University of Alabama takes pleasure in presenting its fifth placement brochure. In it you will find a brief description of the Law School, its faculty, and members of the 1961 senior class.

By furnishing you with short biographies of our seniors we have endeavored to give you pertinent information on their qualifications for employment. Since the material for this folder was compiled in September, 1960, it does not reflect changes occurring after that date.

Should you desire additional information on any of our seniors, we would be glad to have you write to me or Professor Sam A. Beaty,

Director of the Law School Placement Bureau.

M. Leigh Harrison
Dean
The Law School of the University of Alabama has been in continuous existence since 1872. It is rich in history, tradition, and accomplishments, possessing a strong faculty and a student body of high quality.

The Law School is accredited and approved by the two national organizations which are interested in legal education—the Association of American Law Schools and the American Bar Association. Upon approval by the Bar Committee on Character and Fitness, graduates of the Law School are admitted to the Bar in Alabama without examination.

Students are admitted and graduate three times a year. Under present admission requirements, entering law students must have satisfactorily completed a minimum of three years of college work, and a majority of the students receive either an A.B. or B.S. degree before receiving the professional degree of Bachelor of Laws.

During the past few years the curriculum has been reorganized, enriched, and expanded. The three-year curriculum is designed to prepare students for the practice of law and to provide legal training for those planning to enter business or public service. Although students are prepared to practice in any of the common-law states, special attention is given to the law of Alabama. Casebooks on Alabama procedure, prepared by members of the faculty, are used in the courses on pleading and trial practice. Participation in the trial and appeal of cases in the Practice Court is a regular feature of the work of each senior student.
ALABAMA LAW REVIEW

A student Editorial Board was organized in 1948 for the publication of the Alabama Law Review, a legal periodical which has been distributed twice a year since that time. The Editorial Board is composed of students of outstanding ability, being chosen primarily on the basis of scholastic achievement.

The leading articles in the Alabama Law Review are usually contributed by attorneys, law teachers and judges. Comments and case notes, prepared by students under faculty guidance, give the students valuable experience in research, analysis, and legal writing.
STUDENT ACTIVITIES AND ORGANIZATIONS

Law Students elect student officers to an active student government which is affiliated with the American Law Student Association. The students administer their own Honor System through the student Executive Council and sponsor various activities, including a Law Day in the spring.

Phi Alpha Delta, Phi Delta Phi, and Sigma Delta Kappa, national legal fraternities, and Phi Delta Delta, national legal sorority, have active chapters in the Law School.

The Law School scholastic honor society is Farrah Order of Jurisprudence, the membership consisting of the upper ten percent of the senior class. The Bench and Bar Society is composed of students selected on the basis of scholarship and service in Law School activities.

LAW LIBRARY

The Law Library occupies the two upper floors of Farrah Hall and has holdings of approximately 42,000 volumes. The Library is supplemented by the collections in the University Main Library and the Business Library. Since knowledge of the methods of research in law is essential to the lawyer, all students are required to learn how to use the library. The Librarian is a member of the faculty and teaches Legal Bibliography.

The Law Library has been substantially improved in recent years. The Law School is now engaged in a program of developing a library which will be adequate to meet the research requirements of the lawyers of the State.
M. LEIGH HARRISON
Dean and Professor

TALBERT B. FOWLER, JR.
